How do I view my domains or reassign IP addresses?

To view your domains or reassign IP addresses:

1. Click on the Systems tab.
2. Select All My Domains. The list of your domains will appear on the screen.
3. Click on the domain name. The Domain Properties screen will appear.
4. Click on the DNS Zone tab.
5. Click on the entry you wish to modify. The DNS Record screen for that entry will appear.
6. Click on the Edit button. You can enter either one of the IP addresses included in your subscription or assign an external IP address.
7. Click on the Save button when you are ready.
