

In2net Knowledgebase

I want to change my hosting services renewal settings.

To change your VPS Hosting plan renewal settings:

1. Click the My Account tab.
2. Select Subscriptions.
3. Click on the hosting plan you wish to change the renewal settings.
4. Click on the Summary tab and select the Renewal Settings tab under the "Subscription" section.
5. Make the desired changes. When you are ready, click on the Save button.

Note: If you are currently on the BudgetVPS1010 plan, the only available period is 1 year. Your hosting plan will be billed every 12 months for 12-month of service.
