How do I login to my Parallels Power Panel?

You can login to your Parallels Power Panel via the control panel URL link found on the System dashboard of your Account Admin Control Panel.

1. Click the System tab.
2. Select Parallels Power Panel.
3. Click on the Control Panel URL.
4. You will be redirected to your Parallels Power Panel login screen. Login as following:

Username = root

Password = your Account Admin Control Panel password
