

How do I login to my Virtuozzo Plesk Control Panel?

There are two ways you can login to your Virtuozzo Plesk Panel:

- a) via the login link in your Parallels Power Panel.
- b) via your Plesk panel URL

Logging in via your Parallels Power Panel:

1. Login to your Parallels Power Panel.
2. Click on the Control Panels link.
3. Click on the Manage link.
4. Click on the Log In to Plesk link to launch the login page.
5. Login using the following information:
Username = root
Password = your VPS password
Click on the Login button when you are ready.
6. If this is your first login, you will need to configure your administrator profile.

Logging in via your Virtuozzo Plesk Panel URL:

1. Open your web browser and in the address bar type the URL where your Plesk control panel is located.
For example, <https://yourdomain.com:8443>
2. Press the Enter key to open the Plesk login screen.
3. Type the username 'root' and your password into the Login and Password boxes respectively. Click Login when you are ready.
4. If this is your first login, you will need to configure your administrator profile.
