How do I temporarily suspend execution of a scheduled task?

To temporarily suspend execution of a scheduled task:

1. Login to your Virtuozzo Plesk Panel.
2. Select the Scheduled Tasks icon in the Server group.
3. Select the system user account on whose behalf the task is executed.
4. Locate the task that you want to suspend and click on the command name.
5. Clear the Switched on checkbox and click OK.
